The K-100 AD DCP Kit measures the shear strength of soil with a CBR between 0.5-100. This kit is designed to meet military testing requirements. It comes with an Extra Strong 48" Spring Steel Drive Rod, 48" Vertical Scale, and 100 disposable cones for fast and easy extraction of the instrument from hard soil. The stainless steel dual mass hammer and crushproof Pelican carrying case with transport wheels are included.

Quick-Connect Pin makes assembly a snap!

This DCP *only* requires one operator to do a test.

DCP Model K100AD is strong, compact and ergonomically designed for one person to use.
