The K-100 Airfield Economy Kit measures the shear strength of soil with a CBR between 5-100. This kit is designed to meet military testing requirements with its 48" Drive Rod. It comes with 2 boxes of 25 Disposable Cones, six Hardened Points, and one Adapter for fast and easy extraction of the instrument from hard soil. The plated steel single mass hammer and crushproof Pelican carrying case with transport wheels are included.

Quick-Connect Pin makes assembly a snap!

Disposable Cones

Single-Mass Hammer

Hardened Point

This DCP only requires one operator to do a test.

DCP Model K100AE is strong, compact and ergonomically designed for one person to use.
